

September 2017

Dear Applicant,

Thank you for your interest in the role of new MWiB Finance Officer with effect from summer 2018.

The role requires a big time commitment and a reasonable level of accountancy knowledge. It is not however very difficult or particularly complicated. One of the main things I enjoy about the role is, that being an organisation with very healthy reserves, means we can afford to be generous and that is very gratifying. People are generally very appreciative of the work done by MWiB and many of the letters I receive are hugely supportive.

Being a member of the MWiB Executive offers lots of exciting opportunities. MWiB paid for me to attend two excellent World Federation International events - the Joint Area Seminar in Rome and the World Assembly in Houston. These are experiences that I will never forget. I have also had the opportunity to meet and work with many special women whom I am now pleased to call friends.

Overall, the opportunity to be part of the Executive of Methodist Women in Britain is a rewarding one that can really make a difference to women in Britain and around the world.
