

17th December 2017

Dear Carolyn,

Have a happy Christmas!

Here are some photos of our work here.

Your donation has enabled us to buy some proper gardening tools and a hose for the kitchen garden. The children love to work in the garden, especially digging irrigation ditches – but not weeding!

The Sports training was very popular, and at the end, two other schools were invited for a competition and we were able to afford certificates and refreshments.

The Girl Guides have been leaning about fresh food, and have made Christmas cards and attended an 'Alamah Iqbal Day' at the Guide House. (Iqbal is the national poet of Pakistan).

Many teachers have attended Christmas decoration workshops, and we were able to buy some fancy glittery materials to make Christmas trees, wreaths, cards, and angels. Many more children and teachers were able to participate this year due to your grant. This is the only time of the year that the schools have any chance for art and craft work, and it is also a time of Christmas quizzes and carol singing.

Some money also went to help the school put on a Christmas nativity drama, purchasing card and other items to make simple scenery.
